March 25, 2020

Police Department Closed to Public Access

Douglas, AZ – March 25, 2020. The Douglas Police Department is taking additional precautionary measures to safeguard against the spread of the COVID-19 virus by closing our facility to the general public until further notice.

Effective immediately, the Douglas Police Department is directing the public to call the non-emergency number 520-417-7550 to receive directions on how we can best serve their needs. In the event of an emergency, the public is asked to call 9-1-1.

Depending on the need, the individual may be greeted by an officer or staff member outside of the facility or will be contacted by an officer or staff member to handle the request telephonically. The public is again asked to refrain from coming to the Department to conduct business to avoid any inconvenience.

We are resolute in adjusting our tactics to provide continued public safety and service in these times of difficulty. We thank you for helping us to ensure the continued safety of our staff and community.
