City of Douglas COVID-19 Update

DOUGLAS, AZ – We are pleased to report that the City’s modified Phase II Reopening Plan has been well received and is going well. The positive feedback from the community is appreciated. Our dedicated staff have been outstanding during this process. We will continue to monitor closely all relevant data as we look for safe ways to further open our wonderful community. We thank the community for your cooperative attitudes of respect and camaraderie.

As we continue to improve in the area of personal responsibility related to COVID-19, the time has come to discuss the issue of mandatory face coverings. This item will be on the October 14, 2020, regular Council meeting agenda in order to assess and decide a course of action. In an effort to have a meaningful, focused discussion, we respectfully ask interested citizens of Douglas to contact the Council person for your ward regarding your desires on this issue. If you do not know who the Council person is for your ward, please contact (520) 417-7303 for assistance.

Mayor Donald C. Huish would like to thank the members of our community along with our visitors for their cooperation in following the COVID-19 guidelines. In his words: “You make Douglas proud!”
